

Procedure:
Permission to Release
Name, Address, and GPA Range
for Nomination to Honor Societies

In order to release student information for consideration into an honor society, the following steps must be done:

1. The advisor of the honor society who is an employee of the University should request the information from the Registrar's Office. The request should include the name of the honor society, what information is requested, and how the information will be used.
2. The advisor will sign the Department Agreement Form on behalf of the sponsoring department and return the form to the Registrar's Office.
3. The Registrar will review the request and verify that the honor society is a member of the Association of College Honor Societies, and that the information requested and the use is appropriate.
4. No information will be released for any student who has restricted any part of their directory information. The department will be required to obtain a signed request from the student to release any information. The form is available from the Registrar's Office.

We thank you for your help with FERPA compliance. If you have any questions, please contact studentreports@uidaho.edu.

Department Agreement Form

Guidelines Regarding Permission to Release Name, Address, and GPA Range for Nomination to Honor Societies

I acknowledge that I am aware of FERPA regulations regarding confidential information. I agree that the information will be released only to:

_____.
(honor society name)

I have confirmed with the honor society that they will use this information only for the purpose of contacting the students to invite them to submit an application for membership and will not release the information to any other party or use it for any other purpose. As the University of Idaho advisor for this honor society, I am responsible for the appropriate use of this data.
